

Sister Eva "Asha" Hill joined the Shrines of the Black Madonna in 1989. Asha acknowledges the magic moment she met a beautiful sister named Abeo, who invited her to Shrine #9, just in the nick of time!

Asha totally agrees with Jaramogi Menelik as he reminds each of us: *"The value of community service is central to our expression of Christian faith."*

Sis. Asha continues to express her love for the church. Through her active faith with the "Feed My Sheep Ministry", a delicious, hot meal is delivered to our brothers and sisters who are in a constant struggle for daily survival. *Asha also acknowledges the loving hands of our awesome cooks who prepare the meal! This ministry would not be possible without them.*

Sis. Asha is a founder of the Malcolm Omari Hill Instructional Safe Driving Classes, for teens and young adults. Her youngest son's tragedy (Omari) has been transformed into a life-saving experience for others. The program offers free instructional driving classes, free to teens and young adults. She and her lifetime sweetheart, Mwalimu Abasi, have created a mobile school, which offers free instructional safe driving classes, for teens and young adults.

Asha reminds us, *"The value of community service is an acknowledgement of God's presence in our daily lives. For as long as we serve one another in some capacity, there are no insurmountable mountains."*

Asha finds it important for each of us recognize those who have made a difference - some way and somehow! Surely their acts of faith are pleasing in God's sight and in our hearts!
